

# TRAINYFLY

ERASMUS+ AGREEMENT NUMBER  
NR. 2022-1-LV01-KA210-ADU-000084264

*Flying Digital - Training, Employment, Development*

*The online learning platform TrainyFly offers courses in friendly format such as short videos accompanied by materials teaching and self-evaluation tests.*

*The platform offers over 10 fully prepared courses on digital skills.*

The online learning platform TrainyFly is almost ready.

The course is addressed mainly to people with fewer opportunities in terms of education and/or opportunities to access the labor market (age, health, geographical location).

The duration of each course ranges from 60 to 160 hours.

Counseling will be provided to students, professional, including tests for a deeper understanding than their personality.

TrainyFly project is also addresses to educators to allow them to enhance their understanding of online methods and tools, and the ability to develop students' skills, using the TrainyFly platform.

The courses will be free throughout the duration of the ERASMUS+ project Trainyfly and one year later.

On March 11, 2024, the second hybrid training of the project was held in Italy, hosted in the city of Trani by the Italian project partner Petit Pas Aps.

Project partners from Latvia, Cyprus, Finland, and Greece participated in this training, led by the Project Manager of the project Ieva Brencė.

All partners have experience in adult learning and made their skills available during the conference, as well as presenting their courses and the training material contained within them in order to disseminate their training material and objectives, with the aim of increasing the interest of the public present online.

Very soon we will be able to present the final version of the online learning platform.
